

Web Developer

(part-time/full-time)

Have you ever heard of Worldle, WhereTaken or Emovi? At Teuteuf Games, we develop browser games that are entertaining to our users. Yep, this is the kind of stuff that we geek out on and share with the world to create more fun and engagement and provide a daily educational experience.

We are growing fast, so we want to strengthen our team with the position of a Web Developer who will be part of an international team, with great opportunities to learn and work with experienced colleagues.

Our approach is simple. We nurture our people, recognize a well-done job, reward dedication, and strive to make work fun. We do everything to make 🌍 *Teuteuf* a place where you can be the best version of yourself.

To thrive in this role, you will need:

- Proven experience as a web developer.
- Proficiency in Javascript, Angular, and React is a must. Other relevant web technologies are appreciated as well.
- Familiarity with responsive design principles to create web apps that work flawlessly across different devices.
- Excellent problem-solving skills and attention to detail.
- Effective communication and collaboration skills to work within a team environment.
- Ability to work on multiple projects and meet deadlines.
- Availability to work part-time/full-time (20hours/40 hours a week).

Please Note: Fluent English is required

Responsibilities

- Developing, customizing, and maintaining the games from the company's portfolio.
- Collaborating with designers and content creators to ensure seamless integration of visual and functional elements.
- Troubleshooting and resolving technical issues, ensuring optimal performance and user experience.
- Keeping up-to-date with the latest industry trends, best practices, and technologies related to web development.

Qualifications

- 2+ years of experience in web development and software design

Benefits

- Fully remote position
- Competitive compensation
- Flexible work/life balance
- Learning the latest web technologies
- Work within a small and thoughtful international team

Preference is given to candidates who have:

- Experience in browser-based/flash game development.
- Experience playing our games (*Worldle*, *WhereTaken*, *Flagle*, etc.)

If you see yourself as a new member of our team, we encourage you to send your CV with a cover letter.

Sharing the portfolio of relevant projects as part of your application will be appreciated as well!
